INTRODUCTION

Every grain hand-turned, every motif hand-painted.

Each piece in this catalogue is carved, turned, or hand-painted in mango and sheesham wood, finished with folk motifs drawn from Rajasthan's artisan workshops — block-print tiles, Bani Thani portraiture, Sawari processions, and Mughal florals. Built for retail display and export, the collection spans kitchen keepsakes, devotional forms, desk accents, and statement furniture — sized and packaged for easy stocking.
